RE: Notification Of Semi-annual Sampling Dates For Landfills

Dear Mr. Hooper,

This past January a letter was mailed to all landfill owner/operators informing them that the Solid Waste Section will be requiring semi-annual ground and surface water monitoring beginning January 1, 1993. All landfill owner/operators were requested to notify the Section prior to July 1, 1992, of the months they will be performing each of their semi-annual sampling episodes for the 1993 calendar year. Please note details in the letter of January 10, 1992 that is enclosed with this letter.

As of this date the Solid Waste Section has no record of the proposed sampling dates for next year for your facility. Please notify the Solid Waste Section in writing immediately of the two months you have chosen for sampling this coming year. A response should be received in our office by October 15, 1992.

If you have any questions regarding this request or the water quality monitoring program required at sanitary landfills in North Carolina, please contact the Solid Waste Section at (919) 733-0692.

Sincerely,

Bobby Lutfy
